

Academic Probation

Responsible Administrator: Vice President for Administrative Services

Program students who do not achieve a minimum cumulative GPA of 2.0 are placed on academic probation for the following term and are counseled to enroll in remedial courses, take a reduced load, or change programs. Students on probation who do not attain a cumulative GPA of 2.0 by the end of their probationary term will be dropped from their program. Approval from the division dean is then required for these students to be readmitted to their former program or a new program.

Student Services will be responsible for notification to students of academic probation status.
