Welcome

We're Glad You Are Here!

Dear Students,

Welcome to Southwest Wisconsin Technical College! Whether you're here to take your first college class, earn a degree, or change your career path, we're honored you've chosen us to be part of your journey.

This year, Southwest Tech was named the #1 two-year college in the nation by the Aspen Institute, earning the 2025 Aspen Prize for Community College Excellence. This award recognizes our strong commitment to student success, real-world learning, and economic mobility. It's proof that even a small rural college can lead the way—and that your education here matters.

At Southwest Tech, you're more than just a student—you're a partner in a learning community that is committed to your goals. Every student creates a Student Success Plan, a personalized roadmap that includes:

- A career conversation to help you explore your interests and identify opportunities that match your goals.
- A financial plan so you know how you'll pay for school and life.
- An academic map with built-in support and a clear path to graduation—including transfer options and career preparation.

Your plan is flexible and will grow with you as your goals evolve. Our faculty and advisors are here to walk beside you and adjust your plan when needed—so you can stay on track and confident about your future.

Southwest Tech is focused on preparing you for high-wage, high-demand careers through hands-on, work-based learning experiences. Whether you're completing clinicals in healthcare, interning in business or IT, working in the field in agriculture, or building real-world projects in our trades labs, your education will be grounded in the skills that employers need. Many of our students are hired even before graduation—and we'll help you get there.

We also know the college experience is more than just classwork. If you're looking for community, support, and fun—stop by Charley's, visit the Knox Learning Center, or connect with a student club. You'll find people who care, services that make a difference, and opportunities to grow inside and outside the classroom.

Thank you for choosing Southwest Tech. You belong here—and we can't wait to see where your journey takes you.

Law for Learners

Law for Learners is a free service for students to help overcome legal obstacles like traffic and criminal issues, family matters, driver's license restoration, and expungement. Students can be connected to free legal services by completing the confidential, online intake form on the Southwest Tech Law for Learners webpage at <https://www.swtc.edu/student-resources/legal-services/>

Mental Health Counseling

Southwest Tech provides individual and group counseling by a licensed professional counselor to assess, identify and meet students' needs. Mental health counseling at Southwest Tech includes intake to identify student concerns, assessment/evaluations, grief counseling, referrals, aftercare planning, and emergency assistance. The counselor may provide consultation services to students to manage psychological emergencies and disruptive behavior. All students are eligible for confidential, no-cost counseling sessions. Visit <https://www.swtc.edu/student-resources/student-services/counseling-services> to schedule an appointment.

BetterMynd TeleHealth Service: Southwest Tech students have access to BetterMynd an online therapy platform designed for college students. Students can access free counseling sessions through BetterMynd by registering with their SWTC email at <https://www.bettermynd.com/>.

988 Suicide and Crisis Lifeline: The 988 Lifeline provides 24 hours a day, 7 days a week free and confidential support for people in distress, prevention, and crisis resources.

Academics and Grading

Students are ultimately responsible for selecting and completing courses that meet curriculum requirements. Students are encouraged to consult with their advisor and use degree audit located on MySWTC to ensure that graduation requirements are met.

Attendance

A student who has not dropped a course and has never attended a course is not automatically dropped. A student who has never attended and/or stops attending a course without officially withdrawing from the course will receive an "F" in the course at the end of the grading period.

Credit Loads

Students may carry up to 20 credits per semester without written approval from their division dean. A minimum of 12-degree credits is required to be a full-time student.

Grades/Status

Students may receive periodic progress reports; however, midterm evaluations are informational only. Semester grades are entered on a student's permanent record and used to compute grade point average.

Students may review grades electronically on MySWTC.

Grade	Explanation	Grade points for each Credit Hour
A	Excellent	4
B	Above Average	3
C	Average	2
D	Below Average	1
F	Failing	0
I	Incomplete	0
S	Satisfactory	0
U	Unsatisfactory	0
W	Withdrawal	0
X	Audit	0
AX	Audit – Course Started	0
T	Transfer Credit	0

Definition of Grades/Status

Incomplete ("I") An Incomplete "I" grade may be assigned, at the discretion of the instructor, if a student encountered extenuating circumstances, which prevented completion of the course by the time the course has ended. The student must be passing the course at the time of the request and must have minimal course requirements to complete. The instructor may approve/disapprove the request.

Students have up to 150 days after the course ends or the deadline given by the instructor to complete course requirements. It is the responsibility of the student to make arrangements to fulfill all course requirements. If not completed in the designated timeframe, a grade of "F" will automatically be assigned.

Withdrawal ("W") A student can withdraw from a course by notifying Student Services in writing (letter or email) or in person with their advisor.

The official withdrawal date is the date of notification to Student Services. Students who want to withdraw from courses should be mindful that no credit will be issued, and a "W" (withdrawal) will appear on their transcript.

Withdrawals are not accepted if less than 20 percent of a course remains. Students who leave the college without officially withdrawing may receive failing grades. Further, students who receive financial aid should consult with the Financial Aid Office concerning continued financial aid eligibility.

Audit ("X") A student who desires to review a subject or obtain a general understanding of it may enroll in the course as an audit. The student must complete a registration form and pay the same tuition as students registering for credit. Audited courses appear as an "X" on permanent student records and have no grade points associated with them. Audited courses are not figured into grade point average calculations. Audited courses do not count toward credit load or program requirements, or for financial aid. The normal refund policies apply. A student who initially audits a course may not later seek credit.

Audit – Course Started (“AX”) A student may change from credit to audit if 20 percent or more of the course remains. (For courses less than one semester long, a student must change from credit to audit prior to the last 10 percent of the course.) Changing from credit to audit may affect a student’s financial aid status.

Repeat Course Any student may register and pay fees to repeat a course. Grades for both courses will appear on the student’s transcript with denotation.

Grade Change Procedures

Questions about a course grade that appear in a final grade report should immediately be brought to the attention of the instructor. Grade dispute procedures can be found in this handbook under the Academic Code of Conduct.

Grade Reports & Grade Point Average

Students are able to review their grades and GPA electronically on their MySWTC. Final semester grades are used to calculate grade point average (GPA) each term. A cumulative GPA includes all credits completed at Southwest Tech (including high school transcribed credit).

Graduation

Candidates for graduation must earn at least 25 percent of their program credits and specifically 25 percent of their core courses from Southwest Tech. In some situations, a higher percentage of core courses are required to be taken from Southwest Tech. Please check with your program’s division office for more information. Students must satisfactorily complete the required curriculum and maintain a cumulative GPA of 2.0 or above. In some programs, students must complete every course with no lower than a “C” grade to meet graduation requirements. A program completion application (PCA) form must be completed for each program the student is graduating from in order to process the graduation paperwork and receive a diploma. The PCA form can be found in the MySWTC student portal. Students with outstanding financial obligations to Southwest Tech will not receive their diploma until their financial obligations are met.

Southwest Tech strongly encourages all students who have earned the right to graduate to participate in the commencement ceremony. No fee is required to participate.

Graduating with High Honors

A Student will graduate with high honors if they:

- Complete all required courses in their associate degree or technical diploma program and
- Achieve a program cumulative GPA of 3.5 or above or
- Enroll and complete a short-term technical diploma having met the other requirements as listed above within the term. For short-term programs, GPA will be calculated using posted term grades and estimated grades for any course not yet final. The instructor(s) will provide these grades to the Records Office by Monday at Noon on the final week of the term.

Participation in the graduation ceremony is required to receive a high honor cord, which the recipient may keep. The student will receive gold cords to be worn during the commencement program. Cumulative GPA is not rounded in determining eligibility for high honors. For example, a 3.49 GPA is not rounded to 3.5. Students who do not have prior term grades and/or students enrolled in one semester programs are not eligible for commencement ceremony high honor status.

Dean’s List

The Dean's List is published at the end of each academic semester (excluding summer). To be eligible, a student must:

- Be enrolled in an associated degree or technical diploma program;
- Completion of 6 or more credits during the semester; and
- Have a semester GPA of 3.0 or higher (non-cumulative).

Repeat Courses

Students cannot attempt a course more than three times without the permission of the appropriate dean. Grades for repeated courses will appear on the student’s transcript with denotation.

Transcripts

Official student transcripts are maintained in Student Services. Students may request transcripts at <https://www.swtc.edu/transcripts>. A \$10 fee is charged for all official transcripts. Official transcripts for any student with an outstanding financial obligation to the College will be held until the obligation is paid. Students can review unofficial transcripts via the MySWTC portal at any time at no cost. Students are encouraged to review their transcripts periodically to ensure that all courses, credits, and grades for work completed are properly recorded, as well as to know the progress being made toward completion of graduation requirements. Advisors are available to review transcripts with students.

Transfer Credits

Southwest Tech recognizes that students come to college with experiences from other institutions that are equal to the learning in the classroom.

As part of the admission process, the student provides official transcripts from post-secondary accredited institutions to Student Services. The transcripts are reviewed and approved by the Advisor and Registrar's Office. The grade for the course must be a "C"(2.0) or better and count toward completion of the program in order to transfer the credit.

- Due to some program requirements, there may be a time limitation for transferring core credits. Check with the program instructor for clarification.
- Program specific courses may be sent to the appropriate instructor or division dean for additional review and approval.
- Transferred credits are not figured into GPA.
- Southwest Tech credits are expressed in semester hours. When transferring credit that utilize another form of academic credit (quarter hours/trimester), the credits may not transfer seamlessly.

Transcripted Credits

When an agreement exists between the high school and Southwest Tech to award credits to students who successfully completed the course in the high school, the course will appear on the Southwest Tech transcript with the grade awarded by the high school instructor.

Appeals Process

The student will have the opportunity to appeal the decision. The steps for appealing are:

1. The student submits a letter to the division dean within one week of receiving the decision. This request must include the basis for why the student disagrees with the decision and relevant evidence.
2. The dean or designee will review the appeal and may request to meet with the student to gain further information.
3. The division dean will make a final decision after full consideration of the information. Within two weeks of receiving the student's appeal, the dean will communicate the final decision regarding the request to the student, the instructor and Student Services.
4. The decision of the dean is final. No additional review will be allowed.

Credit for Prior Learning

Credit for prior learning gives students at Southwest Tech the opportunity to earn credit for college-level learning that was acquired outside of the classroom. There are five different ways to earn credit. Not all options are available for all classes. Please check your program page to see what is accepted for your program.

Challenge Exam

A challenge exam is developed by Southwest Tech faculty and allows the student to demonstrate that he/she can meet the competencies of the course. Depending on the course, a test may be a standard test or a demonstration test.

Military Experience

Credits may be awarded based on the training taken during military service and/or based on the position held in the military. Southwest Tech uses ACE (American Council on Education) recommendations for military credits.

National Tests

Southwest Tech is a CLEP testing center and accepts several CLEP tests for credit. Other national tests are also accepted including Advanced Placement (AP), DSST (DANTES), and Excelsior as examples.

Industry Recognized Certificate Crosswalks

Employers may offer training in the workplace that leads to an industry recognized certificate. Southwest Tech will recognize certificates that relate to the program courses and meet the competencies of the course.

Portfolios

A portfolio is a detailed documentation illustrating what you have learned and how it relates to a Southwest Tech course.

For more information and how to earn credit for prior learning, visit the credit for prior learning page at www.swtc.edu/cpl.

Financial Aid

Southwest Tech offers a comprehensive financial aid program to assist students who can demonstrate financial need concerning their education-related expenses. Funding for financial aid comes from grants (gift aid), loans, and work-study (self-help aid). Financial aid should be viewed only as a supplement to the financial resources of students and their families.

Deferment of tuition and fees is available to students who are eligible for financial aid (grants and/or loans). Completion of financial aid procedures, including submission of the Free Application for Federal Student Aid (FAFSA), is required. Students seeking a credit agreement may be required to show verification of FAFSA submission.

Students who are concurrently enrolled an approved program while working toward their GED/HSED may be financial aid eligible through the Ability to Benefit process. If interested, please contact a GED/HSED instructor at 608.822.2649.

Application Procedures

Priority Date–April 15. Incoming students who plan to begin classes in August are encouraged to apply for financial aid as soon as possible after Oct. 1 of the preceding calendar year. Southwest Tech requires the Free Application for Federal Student Aid (FAFSA), which is available online at www.studentaid.gov. Continuing students should reapply for aid for the next academic year as soon as possible after Oct. 1 of the preceding calendar year to ensure they are eligible the following fall term. (January enrollees should apply for financial aid as soon as they begin the admission process.) Students who are in default or owe repayment of Title IV aid are ineligible for any grants, loans, or work-study. Students must fulfill the following requirements to be considered for financial aid:

- Be accepted to or enrolled in an approved program. Students will be paid only for courses in the program they are accepted in. Students may take additional courses not needed for their program; however, financial aid will not be paid for these courses. In most cases, students must be enrolled in at least six credits to receive federal and state aid.
- If currently enrolled, be in good standing and maintaining satisfactory academic progress.
- Have a high school diploma, GED, HSED, or a home-schooled diploma.

- Be a U.S. citizen or eligible non-citizen.
- Not owe a refund or be in default on any federal programs covered under Title IV of the Higher Education Act of 1965 and 1986.

Apply online at www.studentaid.gov

Consortium Agreements

Students simultaneously attending Southwest Tech and another postsecondary institution may qualify for financial aid for both. The student must provide a receipt that the class has been paid before financial aid will be awarded. The degree-granting institution is responsible for financial aid disbursement; students are not eligible to receive financial aid from more than one college during an enrollment period. Students must be enrolled in at least one one-credit course at Southwest Tech that applies to their Southwest Tech program each semester. Interested students should obtain a consortium agreement application from Southwest Tech's Financial Aid Office as soon as they have verification of enrollment from the other college.

Disbursement Guidelines

Financial aid funds are disbursed in the following manner:

Grant awards and Federal Direct Subsidized and Unsubsidized Student Loans are disbursed once each semester as indicated on student financial aid offer letters. Students who have completed all necessary paperwork should receive their first disbursement of funds approximately 30 school days after the start of the semester. In order to be eligible for any Federal Direct loan disbursement, a student must still be enrolled in at least six credits and making satisfactory progress in their coursework.

See the website calendar for important dates. All funds are subject to federal and state regulations. There are a few programs with unique class schedules, with some classes starting later in the semester. Distribution of financial aid for these programs may be scheduled differently. Please see the Financial Aid Office for details.

Student federal work-study checks are disbursed bi-weekly by direct deposit during. Students must complete accurate time sheets for each pay period.

Please remember the following disbursement restrictions:

- No funds are disbursed before a semester begins.
- Students must present a current form of photo ID if picking up a check on-campus.
- Funds are disbursed upon verification of program and credit eligibility.
- All financial aid is contingent on the availability of funds.
- Students must be enrolled in an eligible program and be working toward a degree or diploma.
- All funds are subject to federal and state regulations.
- Southwest Tech follows the Wisconsin Technical College System Refund Policy discussed elsewhere in this handbook.

Clock-to-Credit Hour Conversion

The federal regulations information regarding reduction of payable financial aid credit hours if you are admitted to one of the following programs of study is listed below. These programs do not lead to an Associate Degree; therefore, according to federal regulations, institutions must complete a clock to credit hour conversion when awarding federal financial aid (Federal Financial Aid includes Pell Grants, FSEOG, Federal Direct Student Loans, and Federal Work-Study).

Programs falling under Clock to Credit

Only the financial aid of those in *italic* or **bold** are affected.

* Impacted programs

** Only impacted for part-time students

- Agricultural Power & Equipment Technician
- Auto Collision Repair & Refinish Technician
- Automotive Technician
- Building Trades—Carpentry
- CNC
- Cosmetology
- Criminal Justice - 720 Academy
- **Dental Assistant ****
- Electrical Power Distribution
- Lab Science
- Medical Assistant **
- Welding
- CNC Setup Technician

The Department of Education has made changes to the Clock to Credit Conversion Requirements. Final regulations effective July 1, 2021, continue to require programs not leading to an associate degree to use the clock-to-credit hour conversion formula. The formula will determine if, after the conversion, the

program includes the minimum number of credit hours to qualify as an eligible program for Federal Student Aid purposes. The formula also determines the number of Title IV credit hours associated with each class that an institution can use to determine a student's enrollment status during the program.

Previously, the conversion formula for determining the number of credit hours in an educational program required an institution to use a ratio of 37.5 in-class clock hours to each semester credit hour, except the institution could include out-of-class hours as long as the in-class hours met a lower ratio – 30 clock hours to one semester hour.

Under the new regulations, there is no longer any consideration of out-of-class hours for purposes of the clock-to-credit conversion. Therefore, the revised formula for determining the number of credit hours in each class of an educational program is a semester hour must include at least 30 in-class hours of instruction. This determination is made by dividing the total number of clock hours in a course by 30. The result is the new total credit hours for the course in which financial aid will be paid. This total will be used when calculating financial aid awards.

Example: If a student is enrolled in a 3-credit hour course that has 75 clock hours, we would divide 30 into the 75 clock hours ($75/30 = 2.5$). The student would end up being eligible for only 2.5 financial aid credit hours.

Enrollment Changes/Date of Record

Because credit load affects how much financial aid students may receive, students should immediately notify the Financial Aid Office of any change in their level of enrollment.

Financial aid payments are based on the number of credits a student carries as of the date of record and may be adjusted until that date. For first semester, the date of record is in September (see calendar) and for second semester it is in February (see calendar). If a student adds courses after the date of record, financial aid eligibility will not be adjusted to reflect the credit load increase. In addition, a student on a course waiting list must be off the list and registered for the course before the date of record to receive financial aid for that course. Moreover, if the classes for a course do not begin to meet until after the date of record, a student still must be registered for the course before the date of record to receive financial aid for that course. If a student does not begin attendance in a course that starts after the date of record, financial aid funding may be adjusted resulting in repayment of

the funds by the student.

Federal Repayment Policy

Federal regulations require Title IV financial aid funds (Federal Direct Unsubsidized Loan, Federal Direct Subsidized Loan, PLUS, Pell Grant, FSEOG) to be awarded under the assumption that students will attend the institution for the entire period in which federal assistance was awarded.

Financial Consequences of Withdrawing or Not Passing Classes

When a student withdraws from all classes for any reason, including medical withdrawals, they may no longer be eligible for the full amount of Title IV funds that they were originally scheduled to receive. Federal regulations indicate that a student earns their financial aid in proportion to the amount of time in which they are enrolled. A pro-rated schedule is used to determine the amount of federal student aid funds they have earned at the time of the withdrawal. Once 60% of the semester is completed, a student is considered to have earned all of their financial aid and will not be required to return any funds. Federal law requires schools to calculate how much federal financial aid a student has earned if that student:

- Completely withdraws, or
- Stops attending before completing the term, or
- Does not complete all modules (classes which are not scheduled for the entire semester or payment period for which they have registered at the time those modules began), or
- Receives all non-passing grades for all classes in the term (F-Fail, W-Withdraw, I-Incomplete)

Based on this calculation, students who receive federal financial aid and do not complete their classes during a term could be responsible for repaying a portion of the aid they received.

Students who do not begin attendance must repay all financial aid disbursed for the term.

R2T4 Exemptions

A student is not considered to have withdrawn if the student:

- **Completed Program of Study (applies to ALL Students)** – A student who completes all the requirements for graduation from their program before completing the scheduled days in the period is not considered to have withdrawn.
- **Completed Half-Time Enrollment (applies to students in modules ONLY)** – The student must successfully complete Title IV-eligible coursework equal to or greater than what the school considers to be half-time enrollment.

- **Completed Modules Spanning 49% of Countable Days (applies to students in modules ONLY)** – A student is not considered to have withdrawn if the student successfully completes one module or a combination of modules that includes 49% or more of the number of the countable days in the payment period, excluding scheduled breaks of five or more consecutive days and all days between modules.

If a student meets any of the R2T4 exemptions, the student is considered a “completer” and is not considered withdrawn for Title IV purposes. Southwest Tech does not use an R2T4 Freeze Date.

Types of Withdrawals

For financial aid purposes, there are two types of withdrawals:

Official

Withdrawals are initiated by the student with the intent to withdraw from all classes in the term by either providing notice to their Advisor electronically or in person.

Unofficial

federal financial aid regulations consider a student to be an unofficial withdrawal if the student receives all F grades or a combination of F and W grades for the term.

Determination of the Withdrawal Date

The withdrawal date used in the student’s federal financial aid return calculation is the date the student withdrew from the final class as indicated on the student’s record. If a student stops attending classes without notifying Southwest Tech, the withdrawal date will be the last date of educational-related activity determined by Southwest Tech.

Withdrawing prior to completing 60% of a term

Unless a student completes 60% of the term in which federal aid was disbursed, the student will be required to return all or part of the financial aid disbursed in the term. This applies to students who have officially or unofficially withdrawn.

Determining Aid Earned

Students who receive federal financial aid must “earn” the aid they receive by staying enrolled in classes. The amount of federal financial aid assistance the student earns is on a pro-rated basis. Students who withdraw or do not complete all registered classes during the semester may be required to return some of the financial aid they were awarded. **Once 60% of the semester is completed, a student is considered to have earned all of his/her**

financial aid and will not be required to return any federal funds.

Per federal regulations, Southwest Tech is required to determine the percentage of Title IV aid “earned” by the student and to return the unearned portion to the appropriate aid programs.

- For example, if a student completes 20% of the semester before completely withdrawing, 80% of federal financial aid must be returned to the aid programs.
- If a student stays through 50% of the semester, 50% of federal financial aid must be returned.

The following formula is used to determine the percentage of unearned aid that has to be returned to the federal government:

- The **percent earned** is equal to the number of calendar days completed up to the withdrawal date, divided by the total calendar days in the payment period (less any scheduled breaks that are at least 5 days long)
- The **payment period** for most students is the entire semester. However, for students enrolled in modules (courses which are not scheduled for the entire semester or term), the payment period only includes those days for the module(s) in which the student is registered.
- The **percent unearned** is equal to 100 percent minus the percent earned

Post-Withdrawal Disbursement

If a student withdraws before receiving a financial aid disbursement, under certain circumstances, the student may be eligible for a post-withdrawal disbursement. A post-withdrawal disbursement of grant funds will be applied towards outstanding semester charges on the student’s account and may pay up to the amount of the allowable charges (i.e., tuition, fees & book advance charges). Any remainder of the grant aid will be paid to the student as soon as possible but no later than 45 days after the date Southwest Tech determined that the student withdrew.

If a post-withdrawal disbursement includes Direct Loan funds, Southwest Tech must get permission before disbursing the funds. The student (or parent if a PLUS loan) will be notified within 30 days of the date of determination of withdrawal of the opportunity to accept all or a part of the post-withdrawal loan disbursement. Upon receipt of a timely response from the student (or parent) (14 days from the date of notification), Southwest Tech will disburse the loan funds within 180 days of the date of determination of the student’s withdrawal date.

Loan funds will be applied towards the outstanding semester charges on the student’s account and may pay up to the amount of the allowable charges (i.e., tuition and fees). Any remainder will be paid directly to the student (or parent) within 14 days of the disbursement. If a student (or parent of a PLUS loan) does not respond to the post-withdrawal disbursement offer, the loan will be canceled, and any subsequent requests to make the post-withdrawal disbursement will not be granted.

Return of Title IV Federal Financial Aid

Regulations require schools to perform calculations within 30 days from the date the school determines a student’s complete withdrawal. Within 45 days of the date of determination of the withdrawal, Southwest Tech returns the funds to the appropriate Title IV program.

Once the amount of unearned federal aid is calculated, the Southwest Tech repayment responsibility is the lesser of that amount or the amount of unearned institutional charges. The school satisfies its responsibility by repaying funds in the student's package in the following order:

1. Federal Direct Unsubsidized Loan
2. Federal Direct Subsidized Loan
3. Federal Direct Plus Loan
4. Federal Pell Grant
5. Iraq and Afghanistan Service (IASG) Grant
6. Federal Supplemental Educational Opportunity (FSEOG) Grant

Keep in mind that when Title IV funds are returned, the student borrower may owe a balance to the institution and/or the U.S. Department of Education. If a student fails to repay grant funds, s/he may be ineligible for future federal financial aid. If the student does not pay the funds due to Southwest Tech, a hold is placed on the student’s account. This means the student will not be permitted to register for classes until the balance is paid.

If a student withdraws with an outstanding Title IV credit balance, Southwest Tech will hold the Title IV credit balance until the R2T4 calculation has been completed. Any remaining credit will be disbursed within 14 days upon the completion of the R2T4.

Students who are enrolled at the time of the first financial aid disbursement (approximately 30 days into the semester) will receive 100 percent of the WHEG funds for that semester. Conversely, students who withdraw or drop out before the first disbursement receive no WHEG funds.

The return of federal funds calculation should not be confused with the Wisconsin State Refund Policy, which is a separate calculation performed by the Business Office for the return of tuition and fees to students.

Distribution Policy

Southwest Tech's distribution policy is to turn back the student financial aid portion of a repayment, refunding it to the financial aid programs in the following order as prescribed by law and regulation:

1. Federal Direct Unsubsidized Loan
2. Federal Direct Subsidized Loan
3. Federal Direct PLUS Loan
4. Federal Pell Grant
5. Iraq and Afghanistan Service (IASG) Grant
6. Federal SEOG Grant (FSEOG)
7. State Programs

Ineligible Programs

Students in the following programs are currently ineligible for financial assistance (i.e., grants, loans, or work-study):

- Nursing Assistant
- Nail Technician
- Farm Business & Production Management
- Driver Safety Education Certification
- EMT Emergency Medical Technician, and
- certificate programs.

Online/ITV

Online/ITV students must be pursuing an associate degree or a technical diploma to be eligible for financial aid. Online/ITV students may enroll in some courses at any time during a semester. However, every course in which they are enrolled in a semester is counted toward continued financial aid academic progress eligibility. Satisfactory progress is reviewed at the end of each semester.

The Financial Aid Office will verify that students enrolled in only online courses are participating in all their courses before students will receive their disbursement each semester. Financial Aid staff will check enrollment during the week of disbursement. Once participation is verified in each course, checks will be mailed. If participation is not verified, the aid (grants and loans) will be voided, and the student will be ineligible to receive aid for that semester.

Receiving Payment

Before a student can be awarded financial aid, the following must be on file in the Financial Aid Office: Student Aid Report (SAR). This report is generated after the federal government has received and processed a student's completed FAFSA. Southwest Tech electronically receives SARs from the processor, while students receive their electronic or paper copy approximately three weeks after submitting their

FAFSA. Students should review their SAR upon receipt and immediately contact the Financial Aid Office if any errors are found.

Other information. The Financial Aid Office may request additional documentation such as a student's and/or parent's federal tax transcripts, W-2s and child support paid/received verification.

Evidence of enrollment in an approved associate degree or technical diploma program. Students who enroll in courses that do not lead to a degree or diploma in a specific program are not eligible for financial aid. A student's signed statement of updated information, statement of educational purpose/certification statement on refunds and default, and statement of registration status.

Financial Aid Satisfactory Academic Progress Standards (SAP)

Southwest Wisconsin Technical College (Southwest Tech) recognizes and celebrates the academic achievement of students. The College embraces student success as a priority. This policy outlines the academic standards program (degree-seeking) students must follow. Two programs have been exempted from this policy; they are Nursing Assistant and Emergency Medical Technician.

Academic Standards For Program Students

To make progress toward finishing courses and earning their certificate or degree, degree-seeking students must meet the following requirements:

1. **Grade Point Average Requirement:** Students must maintain a cumulative 2.0 grade point average (GPA). All courses a student takes at Southwest Tech are factored into the GPA. See the Student Handbook for more information.
2. **Completion Rate Requirement:** Students should successfully complete 67% of program credits attempted. This is calculated by dividing total credits completed by total credits attempted. Credits attempted means all the total credit(s) you are enrolled in after the 10% period for the course (courses a student remains enrolled in after the drop/add period). This includes all applicable program classes you take at Southwest Tech, transfer into your program at Southwest Tech, repeat, fail, withdraw from, or receive incompletes in.
 - Example: Term 1 – start with 12 credits, withdraw from 3 credits and complete 9 credits; pace is 75% (9/12). Term 2 – start with 12 credits, withdraw from 6 credits and complete 6 credits; pace is 63% (15/24).

3. **Maximum Time Frame Requirement:** Students are expected to complete their certificate or degree program within a maximum timeframe. Federal regulations stipulate the maximum timeframe for financial aid eligibility is 150% of the published credit requirement of each eligible program. This timeframe is based on total credits attempted, even if financial aid was not received while enrolled; and includes all applicable program classes you take at Southwest Tech, transfer into your program at Southwest Tech, repeat, fail, withdraw from, or receive incompletes in.
- Example: A program that requires 64 credits for graduation. $64 \times 150\% = 96$. The maximum number of credits a student is eligible to receive aid for this degree program is 96.
 - Example: A program that requires 32 credits for graduation. $32 \times 150\% = 48$. The maximum number of credits a student is eligible to receive aid for to complete this diploma program is 48.

Students are immediately suspended from financial aid eligibility when it becomes mathematically impossible to complete the program within 150% of the published program length in credit hours.

All applicable credits will be reviewed. Withdrawals (W grade), incompletes (I grade), repeats of classes and transfer credits accepted for their program are considered attempted credits. Withdrawals, audits, and incompletes are figured as zero (0) grade points when calculating GPA. Once the incomplete work is completed, a grade, passing or failing, is assigned, and that grade will be incorporated into the next SAP review. These grades may result in not making Satisfactory Academic Progress.

Not Meeting Academic Standards

Southwest Tech believes in the student's ability to overcome challenges and achieve their goals. Students' progress is monitored at the end of each term of attendance, including summer. Due to the cumulative concept of Satisfactory Academic Progress requirements, it is extremely important students carefully consider adding and dropping classes. Students should consult with their advisor before adding or dropping classes.

Satisfactory Academic Progress (SAP) Warning:

Students not meeting any part of the Satisfactory Academic Progress policy, will be placed on Satisfactory Academic Progress (SAP) Warning for the next term of

enrollment. Students on a SAP Warning must meet with their advisor to create or update their Student Success Plan before the start of the next semester. Students will be able to receive financial aid, if applicable, for the semester they are placed on SAP Warning.

At the end of the semester the student is on the SAP Warning, progress is again evaluated, and the student is either removed from SAP Warning or SAP Warning continues.

Financial Aid Suspension:

Students who do not meet the Financial Aid Warning conditions will be placed on Financial Aid Suspension. The student will not be eligible to receive any financial aid when on Financial Aid Suspension.

Notifications:

Students are notified via their student e-mail of their SAP status at the end of each term for which they enroll during the academic year corresponding to the FAFSA submission if they are on SAP Warning, Financial Aid Suspension, or an SAP Reinstatement status.

Reestablishing Financial Aid Eligibility:

A student is considered suspended from further receipt of financial aid until their eligibility is regained by meeting the minimum SAP standards (Minimum Cumulative GPA of 2.0, Completion Ratio of at least 67%, and within 150% of published program length).

Financial Aid Suspension Appeal:

If a student is on Financial Aid Suspension, they can appeal for reconsideration. The Financial Aid Suspension Appeal Form can be obtained from the Financial Aid Office. Acceptable reasons for appeal include personal difficulties like the death of a relative, injury, or illness, or other special or unusual circumstances. Students may be required to provide additional documentation from outside sources if the situation warrants it. A student's appeal should outline the reasons for not meeting SAP and what changes will be made to meet Satisfactory Academic Progress going forward. Students cannot appeal based on the need for aid or lack of knowledge of the warning status.

Appeals will be reviewed by the Student Financial Assistance Manager or their designee. Appeals must be submitted via email to financial-aid@swtc.edu for review at least five (5) business days before the beginning of the term your suspension begins.

If a student's Financial Aid Suspension appeal is granted, they will be placed on Financial Aid Reinstatement. The student's Student Success Plan must be adjusted to meet SAP by a specific point in the future, and it must be approved by the Financial Assistance Manager and Chief Student Services Officer or designee.

The student will remain on Financial Aid Reinstatement until they meet Satisfactory Academic Progress standards. If a student does not meet or is not on track to meet SAP after their first semester on Financial Aid Reinstatement, the student will be placed on Financial Aid Suspension.

Reinstatement Attempt:

If an appeal is not approved, a student can seek financial aid reinstatement by:

1. Meeting with their student success team to update their student success plan.
2. Taking at least 6 credits (all in the same semester), passing those credits with at least a "C," and paying for those credits without financial aid. If a student chooses to take more than 6 credits during a reinstatement semester, they must pass all classes attempted with at least a grade of "C".

Meeting with the Student Financial Aid Manager following their successful reinstatement attempt to determine if a SAP Reinstatement Status is needed to meet Satisfactory Academic Progress by a specific point in the future.

Miscellaneous. Due to the cumulative concept of these Satisfactory Academic Progress requirements, it is extremely important that students take the adding and dropping of classes under careful consideration. Federal regulations require that Southwest Tech monitor the academic progress of students. This policy applies to all students accepted into an undergraduate program pursuing a degree. It includes all periods of enrollment—even if the student did not receive financial aid.

Any covered individual is able to attend or participate in the course of education during the period beginning on the date on which the individual provides to the educational institution a certificate of eligibility for entitlement to educational assistance under chapter 31 or 33 of this title. Wisconsin National Guard Tuition Grant. The Wisconsin National Guard Tuition Grant is a grant program for enlisted members of the Wisconsin National Guard. Students may receive a grant that covers up to 100% of in-state tuition (not including segregated fees) while earning their first bachelors degree. Students Called to Active Duty

Southwest Tech has adopted the following procedures for students who are ordered or inducted into active service in the U.S. armed forces or who are requested to work for the federal government during a national emergency or limited national emergency:

- Students who have been called to active duty should contact the veterans service officer in the Financial Aid Office. This person is available in person or via phone 608.822.3262, Ext. 2321.
- If the student is activated well into the semester, they are encouraged to work with their instructors individually to decide what to do about the balance of the semester work.
- Students will be asked to provide a copy of their active duty orders to the Veterans Office and Student Services. If the student is unable to provide a copy in person, a parent, spouse, or other individual may submit a copy on their behalf. This may be done either in person, via fax, or through mail.
- A formal withdrawal process must be initiated. The student or their representative may initiate the procedure on the students' behalf. Students must officially withdraw to receive refunds of tuition/fees and may receive failing grades if they do not withdraw. Additionally, students who are receiving GI Bill® Education Benefits and do not officially withdraw could find themselves in an overpayment situation with the Veterans' Administration.

The college will provide a full refund of tuition and fees to students called into active service. Tuition and fee refunds will first be directed to repay federal financial aid. In some cases, SWTC is required to utilize a portion of the tuition and fee refund to reduce the student loan debt. SWTC will repay the college and student portion of federal grants. The student will then receive a refund check in the mail.

The college will provide priority readmission to students who are ordered or inducted into active service. Admission back into the student's program will take place upon the student's request at the next semester opportunity. It may be possible that a student will wait a semester due to program/course sequencing.

Tuition and Fees

Tuition and fees are established according to state statutes and Wisconsin Technical College System guidelines and may change from year to year. Students must pay all required fees according to Southwest Tech policies. *Fees may be subject to change without notice.

Tuition

Resident Tuition.

All students must pay resident tuition for their courses. This fee is set by the Wisconsin Technical College System Board. See fee schedule for the current academic school year.

Out-of-State Tuition.

Students who are not Wisconsin residents must pay out-of-state tuition. Out-of-state tuition is 150% the state tuition rate–

Non-Resident students enrolled in online classes will pay the resident tuition rate.*

*Non-Resident students enrolled in the Direct Entry Midwifery, Driver's Education, and Cancer Information Management programs are charged the out-of-state tuition rate on all classes, regardless of modality.

Reciprocity Agreements

Southwest Tech's reciprocity agreement between Wisconsin and Minnesota enables a Minnesota resident to attend Southwest Tech and pay resident tuition. Southwest Tech also has program-specific reciprocity agreements with NICC and HCC. For further information about the reciprocity agreements and how to apply, please contact Financial Aid.

In-State Tuition Rates for Active Duty Service Members and Family Members.

In accordance with Federal Student Aid Regulations, Southwest Tech does not charge a member of the armed forces who is on active duty for a period of more than 30 days more than the tuition rate for residents of the state. Similarly, the service member's spouse and dependent children are entitled to the instate tuition rate.

In addition, if the service member, spouse, or dependent child pays the in-state tuition rate, Southwest Tech allows the student to continue to pay such a rate as long as they are continuously enrolled, even if there is a subsequent change in the permanent duty station of the service member to a location outside of the state. Contact the Veteran Certifying Official at veterans@swtc.edu or 608-822-2321 with questions.

Deferred Payment of Tuition & Fees (Agency or Employer Funded)

Students must present written documentation from their sponsoring agency or employer to receive a deferment. Deferment of tuition and fees is optional for students who are eligible for financial aid (grants or loans). They must complete all financial aid procedures, including submission of the Free Application for Federal Student Aid (FAFSA), before they can obtain a book voucher from the Payments/Billing Office. Grade reports and/or transcripts of any student who has an outstanding financial obligation to the college are placed on hold until all debts are paid in full.

Officially withdrawing from class(es) does not eliminate a student's responsibility for any outstanding financial obligation to the college. The state refund policy applies to class changes made during the term, and any refund that a student might receive will first be applied to any outstanding debt.

Refund Policy

Southwest Tech's tuition and fee refund policy is in accord with Wisconsin Technical College System and District Board policy guidelines. As a general rule, students are responsible for requesting any refund of tuition and/or fees paid to Southwest Tech. Refunds under \$5 will not be processed. Adding or withdrawing from a course requires timely submission of appropriate paperwork to Student Services. Students can officially withdraw from a course upon notifying Student Services in writing or in person. The date of notification of withdrawal, not the last date of class attendance, is the official withdrawal date, which is used to determine the amount of a student's refund. Non-attendance does not reduce fees owed.

Further, officially withdrawing from a course or courses does not eliminate a student's responsibility for any outstanding financial obligation to the college. (Students who entirely withdraw from school are encouraged to contact their success coach for an exit interview.)

Refunds before First Class Meeting

If Southwest Tech cancels a course, students can apply for a complete refund of tuition paid.

Students who drop a course before the first class meeting will receive a full refund of tuition paid. When one class is dropped and another added during the first seven calendar days of the term, the tuition payment is transferred from the dropped course to the added one.

Refunds after the First Class Meeting for all Courses Except Open Entry Courses

Once a term begins, the refund amount for a course is based on the official withdrawal date relative to the number of days the class has met. (The refund period begins the first day a course meets, not the first day a student attends it.) The applicable schedule is as follows:

<u>Official Course Withdrawal</u>	<u>Fee Refunded</u>
Before 11% of the class meetings	80%
Between 11–20% of the class meetings	60%
After 21% of the class meetings	0%

Refunds after the First Class Meeting for Open

Entry Courses*

With open entry courses, the amount of a refund is determined by the number of calendar days between a student's registration date and official withdrawal. The applicable schedule is as follows:

Official Course Withdrawal	Percent of Total
1–7 days after official registration date	80%
8–14 days after official registration date	60%
15 days after official registration date	0%

*The refund period for a student who registers before the official start date will begin on the first day of the course.

Dropping or withdrawing from a course is an important decision. It may affect current and future financial aid, enrollment, and program status. Students are encouraged to meet with their advisor to discuss what alternative academic assistance may be available and the potential consequences of dropping or withdrawing.

Registering for a class immediately creates a financial obligation. The Business Office will continue to send the student notice of the outstanding debt until the bill is paid. Payment plans are available through the Business Office.

Delinquent Accounts

Payment is due the first day of the term unless you have a funding agreement on file with the Business Office. A \$40 late fee will be added to any unpaid balance that is not paid by the due date. If payment is not received by the due date, a hold will be placed on your account that will prevent you from any future registrations and the release of grades or transcripts until the tuition and fees are paid in full.

If you do not comply with the payment obligations, Southwest Tech may certify your past due balance to the Wisconsin Department of Revenue and make a claim for the total due against refunds, overpayments, and lottery payments owed to you by the Wisconsin Department of Revenue or Department of Administration. If your debt is not settled by the time you file your Wisconsin State Income Tax return, all or part of your refund may be intercepted to pay your debt. Also, your past due obligation may be turned over to a collection agency. In the event of such action, the student is responsible to pay all costs of collection, including a 50 percent collection fee and any other fees incurred by Southwest Tech or its representatives in connection with the collection of the past due obligation.

Returned Check Charge

A minimum service charge of \$35 will be assessed on each check returned by a bank. A returned check may result in cancellation of a student's registration.

Student Billing

If you have questions or concerns regarding your bill, please contact the Business Office at 608.822.2660. You may also view your bill, schedule, or make a payment at MySWTC.

Your tuition statements will be sent via e-mail only.

At any time, your bill can be viewed at MySWTC. Non-attendance or non-payment does not constitute a cancellation of registration, and students will be responsible for tuition and fees not paid.

Payment Options:

- Pay online at MySWTC (click on the icon on www.swtc.edu homepage) Mastercard, VISA or Discover are accepted.
- Payment via phone by calling 608.822.2660. Mastercard, VISA or Discover are accepted.

Directory Information

Southwest Tech may release the following information, considered to be directory information, to the public without the student's prior consent. - Enrollment Status (full- or part-time)
- Dates of Attendance
- Degrees and Awards Received

A fee may be imposed for the location, reproduction and/or delivery of records. The fee will reflect the necessary and direct cost of location, reproduction or delivery of said record(s). There will be a special fee assigned to rush requests.

Release of Student Lists. Anyone can request what is defined as "directory information." Students have the right to withhold any directory information that they wish by filling out a privacy request form. Directory releases are limited to inquiries for non-commercial use. Military branches of service may receive student list information of currently enrolled students as per Solomon Amendment. A Solomon Amendment request must be in writing stating that the information requested is for "recruitment purposes only."

Disability Records

Student Code of Conduct

Southwest Wisconsin Technical College (College) promotes a learning-centered environment dedicated to the advancement of personal growth and knowledge. The College believes every student has the right to pursue an education in a community that values respect, integrity, and inclusivity. To this end, the College prohibits conduct on its campus and in its student housing, which impedes learning, disrupts a peaceful campus environment, and does not promote a cohesive culture based on professionalism, fairness, and trust.

The Student Code of Conduct (Code) sets forth the rights and responsibilities of students at the College, outlines the process for addressing unacceptable behavior, and identifies a range of disciplinary consequences. The Code is designed to provide students with due process and procedural fairness, to ensure equal protection for all students, and to ensure consistency in the process and the consequences. At the same time, the Code reflects the need to consider the individual circumstances of each student, including prior disciplinary history. Further, when possible, the Code is intended to provide students an opportunity to align their conduct with the expectations of the College.

In general, matters involving behavioral misconduct will be addressed by the Chief Student Services Officer; Executive Director of Safety, Security and Facilities; and/or Director of Student Success, and matters involving academic misconduct will be addressed by the Chief Academic Officer and/or Executive Deans. No matter the process implemented for each matter, final authority over all matters of student misconduct remains under the authority of the President of the College.

Jurisdiction

The Code applies to students (and their guests) on property, including housing, owned, leased, or controlled by the College, Foundation or Real Estate Foundation, and, at College-sponsored activities and events. This Code may apply to off-campus activities and locations when conduct has an actual or potential adverse impact on the College community, including conduct which presents a danger or threat to the health or safety of self or others, significantly impinges upon the rights, property or achievements of self or others, significantly breaches the peace and/or causes

social disorder or is detrimental to the educational mission and/or interests of the College.

The Code applies to conduct that occurs in-person, virtually, in writing, via cellphone, and online via email or other electronic mediums including blogs, web postings, chats, and social networking sites.

Finally, the Code applies to all students enrolled in credit and non-credit courses.

Due Process

Students alleged to have violated the Code are entitled to the following due process:

- Written notice of the allegations;
- Timely investigation of the allegations;
- Notice of the applicable range of consequences;
- Opportunity to respond to the allegations and participate in the adjudicatory process, including the right to provide relevant information and witnesses; and

Classroom Disruptions

Both instructors and students have a right to an educational environment which is conducive to learning. It is the responsibility of instructors to create and maintain this environment in individual classes.

Nothing in the Code is intended to infringe upon the academic freedom of instructor or student. To this end, the College will adhere to two fundamental principles:

- Students have the right to express opinions germane to the subject matter of a course.
- Instructors have the right to guide classroom discussion and to set

reasonable time limits on discussion.

The responsibility for striking a balance between these principles rests with instructors.

Disruptive Behavior

Disruptive behavior includes conduct in and out of the classroom that a reasonable person would view as substantially or repeatedly impairing, interfering with, or obstructing the orderly conduct, processes, and functions of the College or the rights of other members of the College community to teach or learn.

If a student is disruptive in class, the instructor will generally first talk with the student informally outside of class to articulate the problem and expectations clearly. Under most circumstances, the instructor will address the behavioral disruptions outside of class.

If a student engages in behavior disruptive to the learning environment, the student may be denied access to the classroom upon the instructor's determination that the behavior impedes student learning and/or the health and safety of peers, self, or the staff. The instructor will notify the Academic Dean of the disruptive activity, and the instructor and Academic Dean will determine best course of action, up to and including denied access and/or dismissal of the course. This restriction of access may apply to online classrooms as well as face-to-face classrooms.

In some instances, it may be necessary to dismiss the student from class immediately for that class period only and discuss the matter after class. The instructor must document the meeting and all other activity.

When a student is denied access to the classroom due to behavioral misconduct, the Academic Dean and Chief Student Services Officer must be notified as soon as possible (within two (2) business days). Students who are removed from class have a right to due process procedures to ensure fair treatment in such circumstances.

If the instructor feels that there is an immediate threat to the health or safety of others, the instructor will call 911 then call the Executive Director of Facilities, Safety and Security (608-822-2401) or Safety Coordinator (608-822-2376). A Student Behavioral Concern ticket MUST be submitted as soon as possible and within 24 hours when a faculty or staff member feels there is a threat to safety and security.

Common Disruptive Behaviors

Examples of disruptive behavior include, but are not limited to:

- Persistent late arrival or departure that disrupts the class
- Repeated cell phone use during class
- Intentionally disrupting class with use of language or physical behaviors
- Loud and/or frequent interruption of class flow with inappropriate questions or remarks
- Persistent contact outside of class that hampers the instructor's ability to do normal work or assist other students
- Belligerent behavior
- Verbal and/or physical threats
- Threatening or harassing emails, letters, messages or voicemails
- Inappropriate contact at the instructor's home
- Any behavior indicating a romantic or obsessive interest
- Distressing, disturbing or other dangerous behaviors

Disruptive behavior, particularly when such behavior is repeated, threatening, harassing or dangerous, is a violation of the Student Code of Conduct and shall be handled accordingly.

Behavioral Misconduct Procedure & Sanctions

Any member of the College community may report a violation of the Code. Individuals who report a violation are referred to as "complainants" and individuals alleged to have violated the Code are referred to as "respondents." Reports should be made using the reporting form (<https://www.swtc.edu/forms/report-form?form=student>) on the college website or reported directly to the Chief Student Services Officer, Executive Director of Facilities, Safety, and Security or Director of Student Success. Reports should be sent as soon as possible following the alleged conduct to ensure timely investigation. All reports of behavioral misconduct made to other College employees will be referred to the Chief Student Services Officer or designee.

Complaints of behavioral misconduct will be addressed through the procedures set forth below. Complaints of sexual harassment under Title IX of the Education Amendments of 1972 will be addressed under the College's Title IX Prohibition of Sexual Harassment Policy at [Title-IX-Prohibition-of-Sexual-Harassment-2022.pdf \(swtc.edu\)](#)

Generally, the process for addressing reports of behavioral misconduct will be completed within sixty (60) days although the College reserves the right to extend the timeline when necessary to complete an investigation.

Note: When the severity of the circumstance warrants, the Chief Student Services Officer; Chief Academic Officer; Vice President of Administrative Services; Chief Human Resources Officer; Executive Director of Facilities, Safety, & Security; Director of Student Success; and/or President may impose upon the respondent a temporary suspension or separation from the College, including classes and College housing.

Step 1: Notification of Incident

- Upon receipt of a report, the Chief Student Services Officer or designee will determine if the report alleges a violation of the Code. If so, the Chief Student Services Officer will designate assigned College officials to take the following steps:
 - Contact law enforcement, if appropriate.
 - Meet with the complainant to understand the nature of the report and offer supportive services.
 - Gather other relevant information, if necessary.
 - Report to the Chief Student Services Officer who will determine whether to initiate an informal or formal resolution process.
- Provide written notice to the respondent of the allegations in the report and inform them whether the College will initiate a formal or informal resolution process.

Informal Resolution

- When both a complainant and respondent agree to informal resolution and an informal resolution process is warranted, the Chief Student Services Officer will conduct the informal resolution process.
- During the process, the respondent will be given the opportunity to respond and provide information relevant to the allegations in the report.
- If needed, the Chief Student Services Officer will seek additional relevant information from the complainant or other witnesses.
- Following completion of the informal resolution process, the Chief Student Services Officer will notify the complainant and respondent (if appropriate) of the outcome.
- Matters resolved through informal resolution often involve sanctions such as:
 - Service requirements
 - Restitution

- Loss of privileges
- Education requirements

Step 2: Investigation

- If a formal resolution process is warranted, the Executive Director of Safety, Security and Facilities and/or Director of Student Success, or designee, will take the following steps:
 - Conduct a thorough investigation which includes the following:
 - Interview complainant, respondent, relevant witnesses, and College officials, if appropriate.
 - Review relevant documents including student records, disciplinary records, police reports, and audio and video recordings.
 - Review College policies and procedures.
 - After gathering all relevant information, meet with the respondent, share the information obtained, and provide respondent an opportunity to respond to the information.
 - If needed, conduct additional interviews, or gather additional information.
 - Complete an investigation report to submit to the Chief Student Services Officer or designee.

Step 3: Findings & Sanctions

- Upon completion of the investigation and submission of the investigation report the Chief Student Services Officer will review the investigation report and evidence and make findings based on a preponderance of evidence standard (whether a violation is more likely than not).
- Based on the findings, the Chief Student Services Officer will determine appropriate sanctions, in conjunction with other college officials when appropriate.
- The respondent will be notified in writing, delivered by email, mail or in person, of the findings and disciplinary sanctions (Decision).
- The Chief Student Services Officer is given broad authority to determine sanctions, based on the best interest of the respondent, complainant, other individuals, and the College. Discipline may include one or more sanctions listed below. All Decisions

regarding behavioral misconduct will be maintained by the College in accordance with state and federal law.

Sanctions for Behavioral Misconduct

The range of outcomes, consequences, and sanctions include, but are not limited to:

- ***Verbal Reprimand*** – Verbal notice to the student that his/her actions are inappropriate, and the individual must act more responsibly in the future.
- ***Written Reprimand*** - Written notice to the student that his/her actions are inappropriate, and the individual must act more responsibly in the future.

- ***Disciplinary Suspension*** - Suspension results in separation from the College for a specific minimum period of time, after which the respondent is eligible to return, usually after meeting certain conditions. During the suspension period, the student is banned from property owned, leased, or controlled by the College, Foundation or Real Estate Foundation, including student housing and is banned from school-

sponsored events and activities. The sanction may be enforced with a trespass action as necessary. Students suspended for disciplinary reasons are not entitled to any refund of tuition or housing fees.

- **Housing Suspension** - Separation from the student housing area for a specific period of time, after which the student may be eligible to return. During the suspension period, the student is banned from student housing. The sanction may be enforced with a trespass action as necessary. Students suspended for disciplinary reasons are not entitled to any refund of housing fees.
- **Expulsion** - A permanent separation from the College. The student is banned from property owned, leased, or controlled by the College, Foundation or Real Estate Foundation, including student housing, and at College-sponsored events. This sanction may be enforced with a trespass action as necessary. Students that are expelled for disciplinary reasons are not entitled to any refund of tuition or housing fees.
- **Housing Expulsion** - Permanent removal of the student from student housing. The sanction will most likely result in a permanent ban from all student housing properties. Students dismissed from student housing for disciplinary reasons are not entitled to any refund of housing fees.
- **Academic Removal** - Removal of student from an academic course ("W" grade shown on transcript).
- **Confiscation of Prohibited Property** – Confiscation of illegal or prohibited items for specified period of time. Any controlled substances, including alcohol, will be discarded or turned over to law enforcement.

Step 4: Seeking an Appeal

- Within five (5) business days of the date of the Decision, the respondent may request an appeal, in writing, on the following basis:
 - To consider new evidence, unavailable or not considered during the original investigation which may substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included with the appeal request.
 - A procedural or substantive error occurred that significantly impacted the outcome of the Decision. The specific error(s) alleged to have occurred must be identified in the appeal request.

- The sanctions imposed are substantially outside the guidelines set by the College for this type of offense or the cumulative conduct record of the responding student. Written appeals based on new evidence should be submitted to the Chief Student Services Officer (appeal decision-maker)
- Written appeals based on procedural error or disproportionate sanctions should be submitted to the Chief Academic Officer (appeal decision-maker).
- If an appeal is not timely or warranted under these procedures, the Decision will be final.

Step 5: Appeal

If an appeal is warranted, the appeal process shall commence within fifteen (15) business days after the written appeal request is received by the Chief Student Services Officer or Chief Academic Officer.

Appeal Based on New Evidence

Upon receipt of an appeal based on new evidence, the Chief Student Services Officer, or designee, shall:

- Notify the complainant and respondent
- Review the appeal to determine if the appeal is warranted.
- Notify the parties, in writing, whether the appeal is granted or denied and the basis for that decision.
 - If an appeal is warranted, review all new evidence submitted to determine if it substantially impacts the findings or sanctions in the original Decision.
 - If the new evidence substantially impacts a finding or sanction, conduct further investigation if necessary.
- Following review of all new information, the Chief Student Services Officer will take one of the following actions:
 - Affirm the Decision in whole
 - Affirm the Decision with modifications
 - Order further investigation
 - Reverse the Decision and dismiss the complaint
- A written record of the Appeal will be maintained by the College.

Appeals Based on Procedural Error or Disproportionate Sanctions

Upon receipt of an appeal based on procedural error or disproportionate sanctions, the Chief Academic Officer, or designee, shall:

- Notify the complainant and respondent
- Review the appeal to determine if the appeal is warranted.

- Notify the parties, in writing, whether the appeal is granted or denied and the basis for that decision.
 - If an appeal is warranted, begin the appeal process.
- The Chief Academic Officer shall consider only the written information submitted in the Appeal.
- Following review of all written information, the Chief Academic Officer will take one of the following actions:
 - Affirm the Decision in whole
 - Affirm the Decision with modifications
 - Order further investigation
 - Reverse the Decision and dismiss the complaint

Step 6: Notification of Appeal Outcomes

Within two (2) business days following a decision, the decision-maker shall notify the parties, in writing, of the decision and implement any issued sanctions.

Family Educational Rights and Privacy Act

Decisions with respect to disciplinary matters will be treated as confidential student records subject to the Family Educational Rights and Privacy Act.

The College may also notify parents/guardians of all students who are under the age of 21 of drug and alcohol violations. Academic Misconduct will be addressed by the procedure set forth below.

Step 1: Notification of Incident and Instructor Investigation

If an instructor has reason to believe that a student has engaged in academic misconduct, the instructor will:

First Occurrence:

- Notify the student, in writing, of the alleged misconduct.
- Submit an [Academic Misconduct report](#) within five (5) days.
- Commence an investigation, if necessary.

Subsequent Occurrence:

- Notify the student, in writing, of the alleged misconduct and include the Academic Dean in the notification.

Step 2: Investigation of Academic Misconduct

- The student shall be afforded an opportunity to respond to the alleged misconduct, including providing relevant documentation or other evidence, and identifying relevant witnesses.
- Generally, an investigation will be completed within five (5) business days.

Step 3: Investigation Finding and Sanction

First Occurrence:

- If the instructor determines that no academic misconduct occurred, the matter will be closed. The student will be notified in writing.
- If the instructor determines that academic misconduct occurred, the instructor and Academic Dean shall take one of the actions below.
 - Determine appropriate academic sanctions and notify the student, in writing, of the determination and sanctions (Decision), which may include any of the following:

 - The Academic Dean and Records Office must be included in the written notification to the student.
 - If the instructor and Academic Dean determine that the above sanctions are inadequate, the Academic Dean will refer the matter to the Chief Academic Officer for elevated sanctions. In such case, the Academic Dean will notify the student, in writing, that the matter has been referred for elevated sanctions and include the Chief Academic Officer in the notification to the student. Elevated sanctions may include any of the following sanctions:
 - Removal of student from the course or program

Two Academic Code violations may result in suspension from the College for a period of up to two (2) years. Prior to re-enrollment, the student will be required to meet with the Academic Dean and Chief Academic Officer or Chief Student Services Officer and satisfy other conditions of enrollment, if appropriate. Any further violations may result in permanent expulsion from the college.

Step 4: Seeking an Appeal

- Students have five (5) business days from receipt of a written Decision to request an appeal, in writing, on the following basis:
 - To consider new evidence, unavailable or not considered during the original investigation, which could substantially impact the original findings or sanction. A summary of this new evidence and its potential impact must be included.

- A procedural or substantive error which significantly impacted the outcome of the Decision.
- The sanctions imposed are disproportionately outside the guidelines set by Southwest Tech for this type of offense or the cumulative conduct record of the responding student.

Written appeals of the instructor's Decision should be sent to the Academic Dean for review.

Written appeals of the Academic Dean and/or Chief Academic Officer's Decision should be:

- Submitted to the Chief Academic Officer if the written appeal is based on new evidence.
- Submitted to the Chief Student Services Officer if the written appeals based on procedural error or disproportionate sanctions

If an appeal is not timely or warranted under these procedures, the Decision will be final.

Step 5: Appeal

- Generally, appeals will be conducted within fifteen (15) business days after receipt of a student's request, unless additional time is needed and approved by the Academic Dean, Chief Academic Officer, or Chief Student Services Officer.
- The appeal review is limited to the documentation presented in the written appeal.
- On review, the Academic Dean, Chief Academic Officer, or Chief Student Services Office will:
 - Review the appeal to determine if the appeal is warranted.
 - Notify the appellant, in writing, whether the appeal is granted or denied and the basis for that decision.
 - If not, notify the appellant, in writing, that for this reason, the Decision is affirmed.
 - If an appeal is warranted, review all new evidence submitted to determine if it substantially impacts the findings or sanctions in the original Decision.
 - If the new evidence substantially impacts a finding or sanction, conduct further investigation if necessary.
 - Notify the appellant, in writing, whether the Decision is affirmed, reversed, or modified.

The appeal Decision of the Academic Dean, Chief Academic Officer, or Chief Student Services Officer is final. The Academic Dean, Chief Academic Officer, or Chief Student Services Officer will

notify the student of the appeal Decision, in writing, within two (2) business days following completion of the appeal review. The Records Office will be included in written communications to the student regarding appeal status and decision.

Grade Dispute

Assignment, Project, and Test Grades

Students who wish to dispute a grade received during the semester, other than the final grade (e.g., grade on a test, essay, homework, performance, computer program project), may do so informally by discussing the matter with the instructor who issued the grade. However, the instructor's decision is final and may not be further appealed.

Final Grade Dispute

When a student disputes the final grade in a course, the student must use the following dispute procedures:

- Within thirty (30) business days from posting of the final grade, the student shall contact the instructor who issued the final grade and discuss the grade in question. If the student is unable to contact the instructor, he or she may seek assistance through the Academic Dean. The instructor shall provide a written response to the student within five (5) business days of discussing the grade with the student.
- If the student and instructor are not able to resolve the dispute and the student wishes to pursue the matter, he or she shall contact the Academic Dean, in writing, within ten (10) business days of the date of the instructor's decision. The Academic Dean, or designee, will work to attempt a resolution. The Academic Dean or designee shall provide a written response to the student within ten (10) business days of receipt of the request to resolve the dispute.
- If the dispute is not resolved by the Academic Dean, the student may make a written request to the Chief Academic Officer, or designee, within five (5) business days of the written response from the Academic Dean. If the request is not filed within the prescribed time, the student forfeits the right to any further appeal. The appeal letter must include the student's reasons for disputing the final grade.
- The Chief Academic Officer will respond to the student within ten (10) business days. This decision is final.

Written Notice

When written notice is required herein, such notice may be provided in any of the following ways:

- Email to a College-issued email account;
- Mail through the U.S. Postal Service; or
- Hand-delivery.

If notice cannot be effectuated using any of the methods set forth above, the College will utilize such other method that ensures actual notice to an individual. In any case, the method of notice utilized will be documented in the complaint record.

The Southwest Wisconsin Technical College District Board has an established policy intended to bring about equal employment and educational opportunities within this

institution. The district makes every attempt to stay in compliance with federal, state, and local antidiscrimination and affirmative action laws and executive orders, including Title VI and Title VII of the Civil Rights Act of 1964 as amended; Title IX of the Education Amendments of 1972, Sec. 38.23 statutes, Section 504 of the Federal Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Civil Rights Act of 1991, the Equal Pay Act of 1973, the Age Discrimination Acts of 1967 and 1975, the Civil Rights Restoration Act of 1987, the Wisconsin Fair Employment law, other appropriate laws and executive orders and/ or administrative directives and codes. The district has actively worked to promote and implement this policy, and it will continue to reinforce the concept that our educational institution is committed to providing equitable opportunities for all persons.

It is the district policy to maintain fair and impartial relations with employees and applicants for employment, and students and student applicants in any service, program, activity, course, or use of facilities on the basis of sex, age, race, color, creed, religion, national origin, disability, ancestry, political affiliation, marital status, pregnancy, sexual orientation, parental status, arrest record, conviction record, genetic testing, and the use and non-use of lawful products off the premises during nonworking hours, and membership in National Guard, State Defense Force, or other military forces of the United States, or on any other basis that is prohibited by law. Lack of English reading/speaking skills will not be a barrier to admission and participation in district programs.

Affirmative Action will be utilized to achieve a work force and student body that includes an appropriate balance of women, racial/ethnic groups, and persons with disabilities. All employment practices, opportunities, and personnel actions such as recruitment, promotions, compensation, benefits, transfers, layoffs, return from layoffs, communication of information, terminations, retention, certification, testing, committee assignments, institution sponsored training and education, tuition assistance, and social and recreation programs will be administered without regard to the factors noted. The district will provide reasonable accommodation to employees for religious observances and practices.

The district will seek assurance from all contractors and suppliers of products and services that they do not discriminate. The district board also encourages the purchase of products and services from women, minority and disabled business owners.

The management staff share the Affirmative Action Program

responsibility and performance standards including the Affirmative Action Plan. The College Equal Opportunity Officer, Krista Weber, is responsible for implementing, monitoring, and evaluating the District Equal Opportunity Policy and for coordinating the Affirmative Action Plan, and shall report directly to the president of the college. The Equal Opportunity Officer is also responsible for District compliance with the regulations of the Federal Rehabilitation Act of 1973 - Section 504, Title IX, and the development of activities that relate to gender equity.

Employees discriminating against students will be subject to discipline under appropriate Southwest Tech employment policies and, as applicable, collective bargaining agreements. Students discriminating against other students, staff, or nonemployees will be subject to discipline under procedures included in the Southwest Tech Student Handbook and Employees' and Students' Right to Know. The college will take necessary corrective action to remedy any instances when discrimination is determined to have occurred.

The Southwest Wisconsin Technical College District Board has an established procedure for resolving complaints relating to discrimination. Alleged acts of discrimination shall be filed directly with the District Affirmative Action Officer. Complaints must be filed within three hundred (300) calendar days from the date of the action causing the complaint. Alcohol & Drug Awareness Prevention

The Drug-Free Schools and Communities Act Amendments of 1989 regulations require the College to distribute information annually, in writing, concerning the possession, use, or distribution of alcohol and illicit drugs at Southwest Tech. In addition to this information, the College provides related information on sanctions for violation of its policies, health risks of drugs and alcohol, and resources for

assistance with illicit use and abuse of alcohol and drugs. The Drug & Alcohol Abuse Prevention Program contains information related to the health risks, resources available, and sanctions for alcohol and drug abuse. The information is located on the College Website at <https://www.swtc.edu/student-resources/policies-procedures/drug-free-schools>.

Complaint Process

Southwest Tech is committed to maintaining a campus environment that enhances and supports student learning and achievement. In fulfilling this commitment, the college is responsive to student complaints. However, in most cases students should first attempt to resolve issues through discussion with instructors and staff (when appropriate) and then the executive deans. There may also come a time when a student feels the need to address the issue at the next level.

All complaints must first be filed with Southwest Tech using the Southwest Tech Complaint Form located at <https://www.swtc.edu/student-resources/policies-procedures/complaints-process>.

Complaints Reviewed/Non-Discrimination

The Wisconsin Technical College System (WTCS) will only review complaints after students attempt to resolve the matter with Southwest Tech. WTCS will only review complaints at the state level in three categories as defined by the U.S. Department of Education:

- complaints that allege violations of Wisconsin consumer protection laws, including but not limited to false advertising
- complaints that allege violations of Wisconsin laws related to the licensure of post-secondary institutions
- complaints relating to the quality of education or other state or accreditation requirements

A student who reasonably believes that a violation has occurred in one or more of these categories may file a signed, written complaint at the state level on the official WTCS Student Complaint Form.

Harassment Policy

This policy is to provide an understanding and awareness of what constitutes harassment, correct the problem behavior; prevent another occurrence of the problem; protect and provide support for the victim of the act; and take corrective action for problems related to harassment, intimidation or bullying. Harassment is a serious matter and any incident once reported will therefore be acted upon promptly and appropriately.

However, it recognizes what is perceived as harassment, intimidation

or bullying can involve a complex chain of events and interpretations of those events so each particular case needs to be dealt with on an individual basis.

The College is committed to providing a professional work and learning environment. This means the College will not tolerate harassment directed at or by an employee, student, customer, or vendor, whether sexual harassment or harassment because of his/her sex, race, color, national origin, age, ancestry, disability, sexual orientation, creed, use of statutory family/medical leave, or other legally protected characteristic.

Sexual Harassment is defined as unwelcome conduct of a sexual nature and constitutes sexual harassment if any of the following apply:

- Submission to such conduct is explicitly or implicitly made a term or condition of employment; or
- Submission to or rejection of such conduct affects decisions affecting employment; or
- Such conduct has the purpose or effect of creating a sexually hostile work environment.

The following are examples of unwelcome conduct which could violate this policy:

- Sexual advances or requests for sexual favors;
- Verbal conduct of a sexual nature, e.g., comments about an individual's body, physical attributes, sexual activities, etc.
- Displays of a sexual nature, e.g., calendars, photographs, magazines, etc.;
- Offensive sexual jokes.

Harassment, intimidation or bullying is defined as any gesture or written, verbal or physical act, or any use of electronic communication that

- is motivated by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or,
- by any other distinguishing characteristic; and
- a reasonable person should know, under the circumstances, that the act(s) will have the effect of harming a student or damaging the student's property, or placing a student in reasonable fear of harm to his/her person or damage to his/her property; or
- has the effect of insulting or demeaning any student or group of students in such a way as to cause substantial disruption in, or substantial interference

with, the orderly operation of the College

The College's policy is to provide an atmosphere free from discriminatory intimidation, ridicule, and insult based on sex, race, color, national origin, age, ancestry, disability, sexual orientation or characteristic protected by law. For example, unwelcome jokes concerning an individual's age, race or ethnicity are unacceptable.

Unprofessional conduct, rudeness or a lack of consideration are examples of conduct that is unlikely to constitute harassment. Similarly, supervisory criticism is not likely to constitute unlawful harassment.

If you believe you are being harassed you should promptly (**within 30 days**) report the conduct to your supervisor, any member of Administration and the Chief Human Resources Officer/Equal Opportunity Officer. Your complaint will be investigated promptly. The information you provide will be shared on a "need-to-know" basis.

In addition, employees who believe they are the subject of illegal harassment or discrimination may also file a complaint with the Equal Employment Opportunity Commission or the State of Wisconsin, Equal Rights Division. The deadline for filing a complaint is 300 days, which runs from the last date that unlawful harassment occurs. Please be aware, however, that filing a complaint with either of these agencies does not alleviate you from the responsibility of filing an internal complaint with the College.

If you are aware of another employee, student, customer or vendor, who, you believe is being harassed in violation of this policy please promptly (**within 30 days**) report your concerns as described in the immediately preceding paragraph. All employees, whether victims of harassment or not, are expected to bring violations of this policy to the attention of the College by informing one of the individuals described above.

Appropriate disciplinary action will be taken against any employee found to have violated this policy. Such discipline can range from termination of employment, suspension, demotion, pay cut, to warning. In the case of student, customer or vendor harassment, the College will act promptly to remedy the harassment and prevent further occurrences.

There will be no retaliation against anyone who in good faith makes a report of a violation of this policy or who assists in the investigation of such a complaint. Any College employee who retaliates against another employee for making a complaint under this policy will be subject to dismissal.

Notice of Non-Discrimination

Southwest Wisconsin Technical College (SWTC) is committed to establishing and maintaining an environment free from all forms of discrimination including unlawful harassment. Discrimination includes conduct that adversely affects any aspect of an individual's College employment, education, or participation in activities or programs, or has the effect of denying equal privileges or treatment to an individual on the basis of one or more characteristics of that individual's protected status.

No student may be denied admission to, or participation in or the benefits of, or be discriminated against in any service, program, course or facility of the College on the basis of race, color, creed, religion, age, sex, sexual orientation, gender identity or expression, national origin, ancestry, disability, pregnancy, marital or parental status, or any other category protected by law.

No College employee may be discriminated against on the basis of race, color, creed, religion, age, sex, sexual orientation, gender identity or expression, national origin, ancestry, disability, pregnancy, marital or parental status, genetic information, arrest record, conviction record, military service, veteran status, use or nonuse of lawful products off the employer's premises during nonworking hours, declining to attend a meeting or participate in any communication about religious matters or political matters, or any other category protected by law.

Pregnant Students

Title IX prohibits discrimination in educational programs and activities on the basis of sex, which includes discrimination based on pregnancy, potential pregnancy, childbirth, termination of pregnancy, lactation, related medical conditions, or recovery from any of these conditions. Southwest Tech will provide assistance to students who are pregnant or have a pregnancy-related condition in the same manner as students with other temporary medical conditions. Students seeking assistance under Title IX for pregnancy or pregnancy related conditions are required to complete the [Pregnancy Adjustment Request for Southwest Tech students \(swtc.edu\)](https://www.swtc.edu/pregnancy-adjustment-request) to start the process for pregnancy adjustments including help with planning for continued academic progress and locating resources available to all students. Students may be required to obtain a letter from their health care provider certifying fitness as a condition for participating in certain educational programs only when such certification is required of students who experience other temporary medical conditions requiring the attention of a health care provider.

Southwest Tech will excuse medically necessary absences from programs for pregnancy and pregnancy-related conditions for as long a period of time as is deemed medically necessary by a student's health care provider. It is the student's responsibility to notify the instructor in advance in writing when practicable of any absence that is pregnancy-related, including prenatal appointments. A student seeking an extended absence shall provide thirty (30) days advance notice to their instructor, when practicable. If a student's extended absence exceeds the date stated in their original required documentation, the student will need to provide a second letter from their health care provider stating the new beginning and ending dates and the medical necessity of the additional leave. A student seeking an extended absence is also encouraged to do the following: work with their advisor to review their academic plans and revise as needed, work with their instructors to develop a plan to complete missed work and consult with Financial Aid to address any questions regarding the terms of financial aid and scholarships. Although pregnancy itself is not a disability, pregnancy-related impairments may qualify as disabilities under the Americans with Disabilities Act (ADA). Students experiencing such impairments may contact the Southwest Tech's Disability Services to seek reasonable accommodations under the ADA.

Students with Temporary Disabilities

A temporary disability does not constitute a disability under the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, unless its severity is such that it results in a substantial limitation of one or more major life activities for an extended period of time.

The issue of whether a temporary disability is substantial enough to be a disability must be resolved on a case-by-case basis, taking into consideration both the duration (and expected duration) of the disability and the extent to which it actually limits a major life activity of the affected individual.

However, Southwest Tech recognizes that individuals with temporary disabilities that are a result of injuries, surgery or short-term medical conditions may need assistance with access to services and resources. To receive accommodations for a temporary disability, a student will need to submit an online Accommodation Request Form (found on the Southwest Tech website) to Disability Services with appropriate current medical documentation that addresses the type of disability, severity, functional limitations affecting academic participation, and estimated duration of condition.

Additional documentation may be requested to verify the need for continued services after the estimated duration of the condition has expired. Disability Services will work in collaboration with instructors on potential accommodations. Academic accommodations are approved on a case-by-case basis. SWTC may require a student who has a temporary disability to obtain a letter from their health care provider to certify fitness as a condition for participating in certain educational programs.

Campus Safety And Security

One of Southwest Tech's top priorities is the safety of students and staff. If you see something, say something! Tell us about your concerns or distressing behaviors you observed at

<https://www.swtc.edu/student-resources/policies-procedures/complaints-process>. This helps identify

and prevent violent and personal tragedies. The campus is monitored by a video surveillance system. Southwest Tech prohibits all firearms or weapons of any type, concealed or unconcealed, in Southwest Tech owned or leased buildings.

We want to work together to identify and prevent violent and personal tragedies from occurring. A campus team is available to accurately identify and appropriately address early warning signs, but everyone must help by reporting their concerns so that the team can provide assistance quickly. Don't ignore the signs of a problem, tell a Southwest Tech staff member or a trusted colleague; don't worry alone, document your observations, ask for guidance.

The Behavior Intervention Team coordinates a response to reported student concerns. Team members respond quickly to referrals; however, if an immediate response is needed, contact the police.

What will the Behavioral Intervention Team do? They are trained to:

- Verify and document the information
- Assess the information and intervene, if necessary
- Evaluate the response to the intervention
- Follow-up to keep everyone informed

How to Help Someone in Crisis

Warning Signs - Chronic depression or mood swings, perception of injustice, isolating behavior, hostility, low self-esteem, excuses, blaming, strained relationships, reduced motivation, changes in health or hygiene, substance abuse, and frequent reference to violence.

Violence as a Process - People don't just "snap;" violence is an understandable and often recognizable process. As people move along the violence continuum, behaviors may indicate the need for assessment and intervention. Pre-violence is the time for intervention.

Don't wait. It is hard to tell when violence will occur; the behavior may be days or minutes before violent incident.

Indicators of Violence Potential (Not a Profile)

- Poor impulse control
- Feels consistently wronged
- Obsession

- New kind of energy or tone
- Failure to recognize the feelings or rights of others
- Fascination with weapons and/or guns
- Verbal intimidation
- Vandalism or property damage
- Repeated loss of temper
- Physical disruption or fighting, stalking

What can you do if you observe signs of a person in crisis?

Don't ignore it. Remain calm. Actively listen and communicate understanding. Be respectful and patient. Set clear boundaries. Never make promises. Inform them of counseling available in Student Services, Campus Safety <https://www.swtc.edu/student-resources/campus-services/campus-security-safety> or, if an emergency, dial 911.

If the Worst Happens: Survival strategies in the event of an active threat

- Get out (**RUN**): Exit any way possible - leave the building
- (**HIDE**): find a place not visible to the shooter
- **Call 911** once it is safe
- If there's no way out, (**FIGHT!**): Throw anything available at them. Their natural reaction will be to dodge the object, which will provide an opportunity to run.

State of Wisconsin & Federal Legal Sanctions

Wisconsin

The Uniform Controlled Substances Act, Chapter 961 of the Wisconsin Statutes, regulates controlled substances and outlines specific penalties for the violation of the regulations. A first-time conviction for possession of a controlled substance can result in a sentence of up to one year in prison and a fine of up to \$5,000. Sec. 961.41(3g), Stats. A person convicted of manufacturing a controlled substance, delivering a controlled substance, or possessing a controlled substance with an intent to manufacture or deliver, can be imprisoned for up to 30 years and fined up to \$1,000,000. Secs. 961.41(1) and (1m), Stats. Penalties vary according to the type of drug involved, the amount of drug confiscated, the number of previous convictions, and the presence of any aggravating factors. The distribution of a controlled substance to a minor can lead to the doubling of an authorized sentence term.

Sec. 961.46, Stats.

Wisconsin has formidable legal sanctions that restrict the use of alcohol in various situations. It is illegal to procure for, sell, dispense or give away alcohol to anyone who has not reached the legal drinking age of 21 years. Sec. 125.07(1)(a)(1), Stats. Every adult has a legal obligation to prevent the illegal consumption of alcohol on premises owned by the adult or under the adult's control. Sec. 125.07(1)(a)(3), Stats. A first-time violator of either of the above subsections can be fined up to \$500. It is against the law for an underage person to procure or attempt to procure an alcoholic beverage, to falsely represent his or her age for the purpose of obtaining alcohol, to enter premises licensed to sell alcohol, or to consume or possess alcohol on licensed premises. Sec. 125.07(4)(a), Stats. A first-time underage violator of Section 125.07(4)(bs), Stats., can be fined up to \$500, ordered to participate in a supervised work program, and have their driver's license suspended.

Federal

Pursuant to federal law, the United States Sentencing Guidelines establish mandatory minimum penalties for categories of drug offenses and provide for penalty enhancements in specific cases. Under these federal guidelines, courts can sentence a person for up to 6 years for unlawful possession of a controlled substance, including the distribution of a small amount (less than 250 grams) of marijuana; a sentence of life imprisonment can result from a conviction of possession of a

controlled substance that results in death or bodily injury; and, possession of more than 5 grams of cocaine can trigger an intent to distribute penalty of 10- 16 years in prison. [U.S.S.G.s.2D2.1 (b) (1)].

Copies of federal and state alcohol and drug laws are available in Southwest Tech's Affirmative Action Office (Human Resources).

Reporting of Student Convictions

Recipients of a Pell Grant or other forms of federal financial assistance must report to the Financial Aid Office in writing any conviction for a drug offense that occurred during the grant period. The report must occur within ten calendar days. The Drug-Free Workplace Act (1988) states in relevant part: "If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction in writing, within ten (10) calendar days of the conviction, to every grant officer or other designee, unless the federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant."
