Reminder: Heartsaver CPR/AED First Aid is required in the first year and apprentices must maintain certification while in the apprenticeship. Southwest Tech will schedule these course offerings periodically.

NOTE: Apprentices are required to complete a **30-hour OSHA Construction** certification course within the first year of the apprenticeship. The following are some online options (we do not endorse any specific vendor) or you can enroll somewhere else. Upon completion, provide Nicole Nelson with a copy of your completion certificate/card.
